Michael Crees

Michael exploded onto the BTCC scene following an incredible rise through the British motorsport ranks. A late starter in racing terms, he started racing karts competitively in his thirties before setting his sights on the BTCC.

Earning two championship titles in the Ginetta GRDC+ and Ginetta GT4 Supercup in his first two years' of competitive car racing, his journey has been nothing short of remarkable.

Winning the Ginetta GRDC+ title in his maiden campaign in 2017, he arrived on the BTCC support package Ginetta GT4 Supercup grid in 2018 in sensational style, clinching the 2018 'Am' class with 11 victories and eight other podium finishes from 23 starts whilst up against a number of more experienced rivals.

Fulfilling his lifelong dream, Michael stepped up to the BTCC for the 2019 season. Securing a points-scoring finish on his Brands Hatch debut, a further top ten finish followed later in the season at Silverstone.

Ending his maiden BTCC season as the highest-placed rookie, Michael's move to multiple race-winning and front-running outfit BTC Racing for 2020 is a clear indication of his intentions for the season ahead.
